

# Lake Anna - Harmful Algae Bloom (HAB) Report

***Issued: Tuesday 8/18/2020***

***Next Issue: on or about Tuesday 9/8/2020 (weather dependent)***

- Harmful algae (cyanobacteria) concentrations exceed safe levels.
- Harmful algae (cyanobacteria) concentrations below safe levels.
- 📍 Lake area under HAB swimming advisory.

## HELPFUL TIP!

Visit [www.SwimHealthyVa.com](http://www.SwimHealthyVa.com) and click on the Harmful Algae Bloom Map to review sample results near you!

Expand the map using the symbol in the upper right hand map title bar, then click on the magnifying glass. You can search my location name or address!

Monitoring at 9 sites by boat in the upper section of Lake Anna (above Rt. 208) and 1 site at the State Park beach will be resampled 9/1/20, weather permitting. Results of those samples will be made available on about 9/8/20 on the HAB map and distributed in this report which will be posted at [www.SwimHealthyVa.com](http://www.SwimHealthyVa.com).

## When in Doubt, Stay Out!

**Avoid swimming, fishing or letting your children or pets play in bodies of water that:**

- Smell bad
- Look discolored
- Have foam, scum, or algal mats on the surface

## BE AWARE of Harmful Algae Blooms

Water quality is tested to determine if health risks may be present.

During an algae bloom, water may have surface scum, mats, or films with red, green, white streaks, or glops.

**For more information or to report an algae bloom visit [www.SwimHealthyVA.com](http://www.SwimHealthyVA.com)**

**To report a HAB-related illness contact the HAB Hotline at 888-238-6154.**
